Milan – Generali Real Estate S.p.A. SGR ha completed, on behalf of Fondo Mascagni, the refurbishment of 'The Corner'.

The asset was built by Generali in the 1970's at the corner of two important city streets such as Viale della Liberazione and Viale Melchiorre Gioia. It was entirely redesigned and refurbished on a project by Atelier (s) Alfonso Femia (AF517) that is consistent with the area surrounding it, Porta Nuova, one of the most dynamic and modern urban areas in Europe.

The building offers many brand new elements such as two terraces, an entrance hall and modern and flexible workspaces. A LEED Gold "Shell & Core" certification is currently underway.

'The Corner' will host the new headquarters of Gianni Versace SpA, FC Internazionale football team, plus other primary tenants.

The project was recently awarded the THE PLAN AWARD 2019 in the "Renovation - Future" category, a testament of quality in the fields of architecture, design and urban planning.

With this refurbishment, Generali Real Estate gives back to the Generali Group over 23,000 square meters of new offices in the heart of a business district that - together with CityLife - is changing the skyline of Milan and the flow of its economic activities.
